Julio Prezotti

(Brazil)

#### **Curriculum Vitae**

**Julio Prezotti**

Júlio C. S. Prezotti, 52 years, qualified as a Civil Engineer in 1985, at the University of the State of Espírito Santo, Brazil, and later, in 1990, as a Master of Science in Hydraulic and Sanitation Engineering, from the University of the State of São Paulo, Brazil. He also has three years' experience working in the operation of industrial and domestic wastewater plants in Lombardia Regione, Italy.

Lecturer of the University of the State of Espírito Santo and of the UCL Faculty of Vitória, Espírito Santo, he further worked as a researcher in the fields of reutilisation and final destination of residues from ornamental rock processing.

Júlio is the owner of a company called MANANCIAL PROJETOS E CONSULTORIA AMBIENTAL (Manancial Environmental Projects and Consultancy) located in Vitória, Espírito Santo and of two industrial landfills for the final destination of residues from the processing of ornamental rock.

He is the patentee of one the first patents granted in Brazil under the fast-track examination provisions for green inventions – Patent N° BR 10 2012 019092-3 entitled “Process for the environmental recovery of extinct or exhausted mining areas”.
