Panel Session II

Plant variety protection - using the right tools

Monday, October 12, 2015

14.00 - 15.30

Speaker:

Karen Henning-Mixa

(Germany)

Curriculum Vitae

Karen Henning-Mixa

Karen is a qualified German and European Patent Attorney. After studying biochemistry and finishing her PhD in X-ray crystallography, Karen joined the patent law firm Vossius & Partner in Munich, Germany as a trainee in 2006. In 2010 she left Vossius to join Bayer Bioscience N.V. in Gent, Belgium (now Bayer CropScience N.V.) to take care of a part of their seeds & traits portfolio concentrating on wheat and cotton. Being back in Germany since 2013, she is now one of the patent attorneys assembled in the Bayer Intellectual Property GmbH in Monheim. There, she concentrates on the field of wheat and biologics but also works in traditional crop protection. Besides she is engaged in IP training matters and involved in discussions relating to how to best protect plants.
