Plant variety protection - using the right tools

Monday, October 12, 2015

14.00 - 15.30

Speaker:

Paul van Dongen

(Netherlands)

Curriculum Vitae

Paul van Dongen

Paul van Dongen specializes in patent law and life sciences regulatory law. Paul regularly appeared before the court in patent litigation in the field of inter alia biotechnology, medical devices, telecommunications infrastructure and software. He had a leading role in the much-debated Monsanto/Cefetra case in which the European Court of Justice ruled on the scope of DNA patents (case number C-428/08).

Paul obtained a master's degree in information law from the University of Amsterdam and received an MSc cum laude in Life Science and Technology from Delft University of Technology and Leiden University.
