Wen Cao

(China)

Curriculum Vitae

Wen Cao

Ms. Cao was qualified as a Chinese patent attorney in 1998 and as an attorney-at-law in 2008. Ms. Cao is fluent in English and Japanese. She was trained in a renowned IP Law Firm in Japan and another law firm in Germany and is well exposed to foreign IP laws. Her experience predominantly lies in patent prosecution, invalidation, infringement and intellectual property portfolio management in various hi-tech areas including chemistry, chemical engineering, nanotechnology, biotechnology, materials science, and has represented a number of overseas chemical/biotech companies with handling patent validity and enforcing patent right and has advised the subsidiaries of multinationals of their IP strategy in China. She is now a member of AIPPI, FICPI China and ACPAA. Her published articles are establishments of contributory patent infringement in China.
