G. OTHER SESSIONS OF AIPPI ANNUAL MEETINGS

Rule 22 - Speeches and Rules of Debate

22.1 Subject to Rules 13, 14, 16 and 17 sessions of the General Assembly and of the Executive Committee and any other AIPPI annual meetings (collectively, Other Sessions) shall be chaired by a Chairperson of the session nominated in accordance with Article 7.4 of the Statutes.

22.2 To the extent applicable the rules of debate set out in Rule 14.6 to 14.12 shall apply, with any reference to ‘Plenary Chairperson’ read as the Chairperson of the session.

22.3 Restrictions on speeches
A speaker who has spoken on any motion shall not speak again while it is the subject of debate, except:

(a) to speak once on an amendment moved by another speaker;
(b) if the motion has been amended since the speaker last spoke, to move a further amendment;
(c) if the speaker’s first speech was on an amendment moved by another speaker, to speak on the main issue, whether or not the amendment was carried;
(d) on a point of order;
(e) when invited to speak by the Chairperson of the session, who shall bear in mind the desirability of giving the person proposing an amendment the opportunity of replying to defend that amendment.

22.4 Points of order
(a) A person may rise on a point of order and shall be entitled to be heard forthwith.
A point of order shall relate only to an alleged breach of these Rules or the Statutes and the person shall specify the Rule or the Article of the Statutes and the way in which it is alleged that it has been broken.
(b) The ruling of the Chairperson of the Session on a point of order shall not be open to discussion.

22.5 The Executive Committee may establish further rules of debate.

Rule 23 – Decisions of the Executive Committee and Vote by Correspondence

23.1 The deliberations of the Executive Committee should conclude with a decision, which should include, where appropriate, Resolutions and recommendations in the name of the Association as well as guidelines for any further action to be taken. The Delegates of the National and Regional Groups and for the Independent Members and other members forming part of the Executive
Committee, in their own personal right, shall each have one vote. Members who are not listed in Article 7.1 of the Statutes of AIPPI may participate in sessions of the Executive Committee, as observers without the right to vote.

23.2 When a vote is taken, separate counts shall be taken of votes for, votes against, and expressed abstentions. Where the Statutes and Regulations provide that the majority shall be determined on the basis of those having taken part in a vote, an expression of abstention shall be regarded as a “no” vote. For the purpose of determining a quorum and decisions in the event of electronic voting, a person participating in that vote shall be deemed to be “present”.

23.3 The Resolutions, recommendations and other decisions of the Association shall be communicated by the Secretary General to the National and Regional Groups.

23.4 When a vote of the Executive Committee is to be taken by correspondence or electronically, the following rules shall be observed:

(a) The National and Regional Groups shall be represented by their Presidents, and by the Delegates whose names have been most recently communicated to the Secretary General.

(b) The Secretary General shall set a date by which all votes are to be received. Such date shall be reasonable and shall normally be five weeks but in no case less than three weeks following the distribution of the voting proposal to the members of the Executive Committee. All votes received after that date shall be disregarded.

(c) For the purpose of determining a quorum and decisions, a person participating in that vote shall be deemed to be “present”. A quorum shall only exist if reasonable efforts have been made to invite all members of the Executive Committee to participate in the vote, if a reasonable deadline has been set for the vote and if at the expiration of such deadline replies have been received from at least one third of the members of the Executive Committee.

(d) Upon request of a member of the Executive Committee, the Secretary General may put to a vote the question whether the decision originally put to the vote shall be deferred to the next available meeting in person of the Executive Committee. The Bureau may, at any time, make such a deferral also, without a request from a member of the Executive Committee.

(e) Considering the eligibility of subject-matter for electronic voting, the following principles shall be considered:

(i) A matter is eligible for vote by correspondence when it is perceived by the Bureau as straightforward or otherwise not requiring a debate in person and an on-site vote; when a vote by correspondence is necessary or desirable in light of the delay in awaiting the next meeting in person of the Executive Committee; when the matter requires action prior to the next meeting in person of the Executive Committee; when the matter would benefit from an early decision in order to prioritise or promote the work of the Association; when a vote by correspondence is desirable in view of the fullness of the agenda of the next meeting in person of the Executive Committee; or when the matter needs to be decided to enable a committee or body of AIPPI to continue with its work;

(ii) A matter is ineligible for vote by correspondence when it is likely to be highly contentious; when a vote by correspondence would not sufficiently allow debate; when a face-to-face debate is critical for the matter to be properly decided; when the vote concerns an election and the election is likely to be contested; when debate, amendment or counter-proposals put forward on the matter show that the matter to be decided is not suitable for a vote by correspondence and that a debate in person and/or on-site voting would be essential; when the nature or complexity of the matter requires an oral presentation with the use of other media to enhance understanding of the matter; or when the matter is sensitive or entails sensitive aspects, including personal aspects.

(f) Where a decision of the Executive Committee requires a more detailed discussion among the members of the Executive Committee, the Secretary General shall put the item to be discussed before the Executive Committee and shall invite all members to comment on the item. In this case reasonable time must be given to the members to respond. The responses must be made available to all members of the Executive Committee and sufficient opportunity in reasonable time must be given to the members to express their opinions to the comments made by other members. The Secretary General shall set a deadline by which the debate is officially closed.

(g) The question to be voted on must be clearly and unambiguously worded and be submitted to all members of the Executive Committee.
The result of the vote shall be assessed by the Secretary General, and the Executive Committee shall be informed about the vote within one week after the deadline for sending the votes.

The technical means used to carry out the vote and any required debate shall be such as to ensure confidentiality within the members of the Executive Committee.

**Rule 24 - Meetings and Decisions of the Bureau**

24.1 The Bureau shall meet on a proposal by the President, or the Secretary General, or at the request of any three of its members.

24.2 The Bureau may debate and vote by any means it chooses.

24.3 Each member of the Bureau shall have a vote which shall be exercised independently in the best interests of the Association.

24.4 The Bureau shall keep formal records of its decisions, normally prepared by the Secretary General. The records of the decisions shall be transparent and therefore available to the members of the Association. However separate minutes of its deliberations shall be kept confidential to the Bureau.

24.5 Normally, the Bureau shall meet twice a year, once in conjunction with an AIPPI annual meeting and once at a separate meeting determined by the Bureau.

24.6 Decisions of the Bureau shall be taken by a majority plus one vote of the members taking part in the vote.

24.7 The Quorum of the Bureau shall be two thirds of the members entitled to vote.

24.8 Only the Bureau members shall have the right to vote when the Bureau convene an Enlarged Bureau.

**Rule 25 - Minutes of Meetings**

25.1 Minutes shall be prepared in respect of meetings of the General Assembly, Sessions of the Executive Committee and the Council of Presidents, and SQ Plenary Sessions. These shall contain at least the conclusions and the principal views expressed, including important minority opinions. The Bureau shall be responsible for the preparation of the Minutes in English, French, German and Spanish. The Council of Presidents shall be responsible for minutes of its own meetings.

**H. PUBLICATIONS**

**Rule 26 - Publications**

26.1 The Association shall publish such documents as may be determined by the Executive Committee including:

(a) the Reports of meetings of the General Assembly, sessions of the Executive Committee, and plenary sessions;

(b) Programmes, Study Guidelines, Group Reports, Reports of members of Groups or of Independent Members, Committee Reports and Summary Reports;

(c) Resolutions of the Association.

26.2 The Bureau may supplement such publications with other documents, Reports, or observations which the Bureau has decided should be published.

**Rule 27 - List of Members and Directory**

27.1 A list of members of the Association shall be published at such frequency and in such manner as may be determined by the Executive Committee.

27.2 The list of members shall only be used in the interests of the Association and under the control of the Bureau; it shall not be used for purposes other than those of the Association, and in particular shall not be used for commercial purposes.

29.4 Unless the Bureau decides otherwise at the time of the recognition of a new Group, members previously admitted from a country covered by the new Group shall retain their membership of the Association, unless upon invitation to become a member of the new Group they decline or fail to accept membership of the new Group within one year.
29.5 Only one Group may be recognised for a particular country or region. No member may be an active member of more than one Group of the Association at the same time.

29.6 National and Regional Groups may only admit as active members persons having their professional or business activity principally in the country or the region of the respective Group. Exceptions to this principle may be authorised by the Bureau after consulting the National or Regional Group concerned.

29.7 Each Group shall determine whether it admits legal entities as members. Each member which is not a natural person shall be entitled to be represented at any given time by one natural person only.
