Dear Al,

On behalf of the AIPPI Jordan national group I am submitting this report for our group activities during the year 2018.

We worked on increasing the number of members and we succeeded in raising the number to 20 members.

We succeeded in convincing the Head of Jordanian IP Office Mrs. Zein Awamleh to be Honorary Member. We are trying to add some of the specialized Judges as Honorary Members also.

Five members attended the Cancun conference with all activities.

We will arrange for several meetings with Jordanian traders and manufacturers in coordination with both the Amman Chamber of Commerce and Amman Manufacturing Chamber during next month to increase the awareness in the importance of IP and to encourage them to join our association. This is expected to be done during the month of June 2019.

Thank you and please do not hesitate to contact mw should you need any additional information.

Ghaida’ Ala’ Eddein

AIPPI Jordan National Group
