

# High-growth technology business forums 2022

## Format

- Four online events
- One-hour live case-study discussion
- Optional one-hour meet-the-speakers session

## Objectives

- To share best practices on intellectual asset management illustrated by success stories of innovative enterprises
- To enable high-growth technology enterprises and stakeholders in their innovation ecosystem to gain deeper insights, based on expert discussions
- Provide key take-away messages to the audience
- To address specific questions in the meet-the-speakers session

## Audience

- Business decision-makers in SMEs and start-ups
- IP professionals
- Investors
- Managers at large, high-growth technology businesses
- Research institutions
